CUSTOMER PAYS TAXES, USF FEES AND OTHER FEES IN ADDITION TO RATES SHOWN.

By purchasing a prepaid SIM card or voucher, the Purchaser understands that he or she is entering into a prepaid service agreement with Outfitter Satellite, Inc., and the Purchaser acknowledges having read the Terms and Conditions included in all pages of this agreement including those incorporated by reference and located at <http://www.OutfitterSatellite.com/adobe/TermsConditions.pdf> and agrees to be bound thereby. If the Purchaser is acting in a representative capacity, the Purchaser agrees that the entity he or she is representing will be bound thereby and further represents and warrants that he or she is a duly authorized representative that has full authority to bind said entity.

GENERAL TERMS: Airtime is billed in 20 second increments. Basic Rate refers to a consumption rate of 60 units per minute of call time. The current prepaid account balance and carry-over information are available to customers by dialing 2888 from their Iridium phone. Adding other types of vouchers such as the regional prepaid voucher to the prepaid SIM card's account will forfeit the existing balance. Call details records are not available. Customer agrees that the purchase of prepaid vouchers is a non-refundable up-front purchase, and after a prepaid voucher is applied to the Customer's account or otherwise electronically delivered to the Customer, that there is no refund for unused prepaid service or unused validity time.

DATA CALLS AND SMS: GO! Internet calls refer only to Direct Internet calls made from an Iridium GO! device to an approved Iridium Direct Internet access number. GO!-SMS refers to messages sent from an Iridium GO! device. Outbound SMS messages can be up to 160 characters. Long SMS messages up to 1000 characters are billed as a series of separate SMS messages of 160-character length (or less). Undeliverable SMS related to mail filters and other non-Iridium issues are charged to the prepaid account. Inbound SMS reception is free.

VALIDITY EXPIRATION DATE: A prepaid account's initial validity expiration date is equal to the validity associated with the first voucher applied to the account relative to the activation date. If an additional voucher is added to the prepaid account prior to the validity expiration date, then the validity expiration date is extended by the amount of validity associated with the new (reload) voucher up to a maximum extension of 24 months (relative to the date that voucher was added to the prepaid account). When the validity expiration date is extended, all unused units that have not yet exceeded their carry-over period roll forward. After the validity expiration date, all unused units on the prepaid account are lost. **CARRY-OVER PERIOD:** Units of prepaid usage from individual vouchers applied to a prepaid account are consumed on a first-in-first-out basis. The carry-over period is 3 years from the date that the voucher was applied to the prepaid account. Unused prepaid units originating from a voucher that has exceeded its carry-over period will be expired from the prepaid account on a daily basis.

270-DAY GRACE PERIOD: The SIM card will be deactivated permanently if a reload voucher is not applied within 270 days (the grace period) of the validity expiration date or the date a zero balance first occurred, whichever ever comes first.

FUTURE RELOADS: Reload vouchers can be purchased on Outfitter Satellite's online store. Outfitter Satellite is not responsible for the loss of any units of prepaid usage if a reload voucher order is made less than (2) BUSINESS DAYS prior to the Expiration Date. If prepaid units are allowed to expire due to a clerical error on Outfitter Satellite's part, Outfitter Satellite has a maximum liability of \$100 per SIM.
