

Terms and Conditions for THURAYA PREPAID SIM CARDS & VOUCHERS

CUSTOMER PAYS TAXES, USF FEES AND OTHER FEES. By purchasing a prepaid SIM card or voucher, the Purchaser understands that he or she is entering into a prepaid service agreement with Outfitter Satellite, Inc., and the Purchaser acknowledges having read the Terms and Conditions included in all pages of this agreement including those incorporated by reference and located at <http://www.OutfitterSatellite.com/adobe/TermsConditions.pdf> and agrees to be bound thereby. If the Purchaser is acting in a representative capacity, the Purchaser agrees that the entity he or she is representing will be bound thereby and further represents and warrants that he or she is a duly authorized representative that has full authority to bind said entity.

THURAYA PREPAID SERVICES: Prepaid Thuraya services are purchased in the form of prepaid vouchers where one prepaid unit is considered equal to one dollar loaded onto the prepaid account. The balance of the prepaid account can be applied towards any type of Thuraya usage charge or the annual renewal fee. The consumption rate of the prepaid units varies according to the prepaid plan selected and also the type of call being made. Rates may change from time to time without notice other than a posting at www.OutfitterSatellite.com. No call logs are provided. Calls are billed in 60 second increments. SMS messages are billed in 160 character increments (160 character minimum). Undeliverable SMS messages not related to errors in the Thuraya network such as problems with mail filters, mailbox overflows or incorrect addresses remain billable. GmPRS data reaches speeds up to 15 kbps upload and 60 kbps download on a best effort basis, and GmPRS usage is deducted in 100 KB increments.

FIRST CALL MADE FROM SIM CARD & VALIDITY RULES: SIM cards include \$10 of usage valid for 30 days from the date of activation or 6 months from date of purchase. Service activation is the date upon which the first call is made, which must be within 365 days from the original purchase date or the SIM card will be cancelled. Upon activation, an initial term of 12 months begins. A Renewal Fee of \$39 is deducted from the SIM Card's prepaid account on each 12-month anniversary of the first call made on the SIM card, and a new 12-month term begins. If the account balance is insufficient to pay the Renewal Fee, then the account will go into a 365-day Grace Period during which outgoing calls are not possible but calls and SMS messages can be received. If a reload voucher large enough to pay the Renewal Fee is not applied to the prepaid account during the Grace Period, the account will be deactivated and any remaining prepaid balance will be lost.

DORMANCY FEE: If a SIM Card remains unused for a period of 12 months, then a Dormancy Fee of \$19 will be deducted from the SIM Card's prepaid account each month until there is no remaining balance or a Thuraya-mode call is made from the SIM card.

ELECTRONIC VOUCHER DELIVERY: Prepaid Voucher information will be transmitted to the Customer's email address of record within one business day after the order is processed. Customer bears the risk of loss during delivery. Customer agrees that purchase of prepaid vouchers is a non-refundable up-front purchase, and that after Outfitter Satellite applies a prepaid voucher to the Customer's account or otherwise electronically delivers the voucher to the Customer, there is no refund.
